/ EDUCATION

Carnegie Mellon University ● Class of 2021
BS Cognitive Science
Minor in Human Computer Interaction

/ WORK EXPERIENCE

Apple | Experience Prototyping Intern
May 2020 - Aug 2020 ● Cupertino, CA

- Prototyped novel, multimodal experiences for Siri for cross platform use cases (two devices)
- Learned foundations of VUI/ conversational design
- Iterated several ideas using storyboards, interviews, flow diagrams, and wireframes/videos
- Built app linking TTS, ASR, spatial audio framework to showcase use cases using Swift and JavaScript
- Pitched to AI/ML Directs and relevant internal teams for future development

SRI International | GUI Developer Intern
June 2019 - Jan 2020 ● Menlo Park, CA

- GUI developer for AI Design Kit and SynRoute, two software allowing scientists to easily synthesize molecules
- Wireframing, prototyping, making typographical and layout design choices
- Learned HTML, CSS, React.js
- Mediated collaboration with Aniden, a 3rd party design firm, and SRI

CMU | HCI Research Intern
Jan 2019 - May 2019 • Pittsburgh, PA
- Independent study conducting meta review for end user programming and application composition

May 2018 - Aug 2018 • Pittsburgh, PA
- Developed a game interface to test virtual agent and its interaction with children to help them in science learning on SCIPR project
